ABOUT COIMBATORE

Nestling in the heart of Southern India at the foothills of the Western Ghats, is the bustling city of Coimbatore, one of the 10 most industrialized areas in the country. Known variously as the 'Manchester of South India' 'Detroit City', Coimbatore has not only made its mark in various industries, but has also become a highly reputable centre for education. The pleasant climate endowed by the neighbouring Palghat gap of the Western Ghats has made the town a reservoir of enthusiasm and spirit, the fact even a layman can note with a cursory look at the city. Coimbatore is a city swiftly transforming from a quiet, peaceful town to a developing metropolis. It is growing significantly in stature and fast emerging as an important centre for education in South India.

ABOUT SREC

Sri Ramakrishna Engineering College under the banner of SNR Sons Charitable Trust was established in the year 1994. SREC works with a vision to impart value based quality education and has grown into an eminent Institution in Tamilnadu, India. The education programmes offered cover a wide spectrum of courses in different fields of Engineering and Technology. The institution is approved by All India Council for Technical Education and affiliated to Anna University, Chennai. During the last two decades SREC has developed into an Institute of international standards and repute. It is an ISO 9001:2008 certified institution. The College offers 9 UG and 9 PG programmes and has been awarded autonomous status in the year 2007. The College has signed MoUs with South Dakota School of Mines and Technological University and Rutgers, State University of New Jersey, USA, Kyungpook National University, South Korea. It has also signed MoUs with leading corporates like Infosys, Wipro, Keane, IBM, Novell Onward Technologies, Robert Bosch, CTS, Suguna Industries CODISSIA and CoreEL Technologies, Bangalore.

ABOUT SCIENCE AND HUMANITIES

The Department of Science and Humanities comprises Mathematics, English, Physics and Chemistry. The department has 60 qualified and committed faculty members whose research expertise focuses on frontier areas in the above mentioned disciplines. With the supremacy of being an autonomous Institution the cutting-edge curriculum creates a conducive environment for experiential learning and meets the industry requirements. The Department of English aims to enhance and empower the communication skills and soft skills of students, especially those of rural students. The department strives to make the students creative, innovative and able to face challenges, making them smart leaders of the corporate world. The department strives to improve the language skills, personality development and employability skills necessary for placement. The department also offers BEC which is preferred by most of the corporates.

SCOPE OF ICEG

The Congress aims to support and uphold interaction and meaningful discussion among researchers all over the world in the fields of English Grammar, Lexicography, Linguistics, English Language Teaching and Communication Technology in Language Teaching. The First International Congress on English Grammar was held at the Central Institute of English and Foreign Languages (CIEFL), Hyderabad during 12-20, July 1999. This World renowned Congress was subsequently hosted by some of the elite and premier Institutions in India and abroad.

The 10th International Congress on English Grammar (ICEG 2014) focuses on current topics in Language, Linguistics and Literature. ICEG 2014 creates a platform for scholarly interactions on the major changes in teaching of English. The Congress draws researchers from all over the world to present their research findings and to implement these language teaching techniques to the needs of the learners. It also bestows an

opportunity for young researchers to exchange information on the theoretical concepts and applications through statistical evidences. This will help the researchers to enhance and to progress their research in a new perspective. This can be attained by listening to the creative views of experts, research doyens and delegates in the conference.

TOPICS TO BE COVERED

- Significance of Grammar in Technical English
- Discourse in Technical English
- Discourse Analysis
- Business Communication
- History of Grammatical tradition - Classical grammar, Medieval Grammar and Modern Grammar
- Role of Grammar in communicative Language Teaching
- Grammar and Literary Style
